Kalsubai Trek | Highest Peak of Maharashtra

⌚ 1 night, 1 day

Overview

Kalsubai Trek to Highest Peak of Maharashtra

Kalsubai Peak Trek with a height of 1646 meters or 5400 Feet is famous as the highest peak in Maharashtra. Kalsubai Mountain lies in the Sahyadri mountain range falling under Kalsubai Harishchandragad Wildlife Sanctuary. Kalsubai Height being the highest peak commands a beautiful view. Since Bhandardara Dam and Kalsubai Peak are extremely famous, enough effort has been made to make this trek easy. There are steel railings, chains, and ladders at places where it is difficult to climb. If you have questions regarding the Kalsubai trek booking, kindly WhatsApp us we will reply as soon as possible.

Kalsubai Monsoon Trek

During the monsoon, places are covered with fog, and the wind is very strong at Mount Kalsubai. [Kalsubai Trekking](#) Experience: There are three ladders that have been installed by locals to make the trekking route till Mount Kalsubai Shikhar easy. When you reach the carved steps and ladder from Bari Village, you will have covered 1/3 of the trek. After all the ladders are over, 2/3 of the trek is over. After a decent walk on the plateau, you will reach the final ladder to the Kalsubai summit.
